Agenda

October 6, 2025, 6:00 PM to 8:00 PM

6:00 pm to 6:10 pm Call to order Jessie Burke, Welcome and Introductions

Ground Rules

- This is a public discussion, not a debate. The purpose is *not* to win an argument, but to hear many points of view and explore many options and solutions.
- Everyone is encouraged to participate. You may be asked to share what you think, or we may ask for comments from those who haven't spoken. It is always OK to "pass" when you are asked to share a comment.
- No one or two individuals should dominate a discussion. If you have already voiced your ideas, let others have an opportunity.
- Listen to and respect other points of view. We all have had different experiences that got us to the point of view we have today.
- Do your best to understand the pros and cons of every option, not just those you prefer. Be as objective and fair-minded as you can be. We are all on the same team trying to find solutions to our collective problems.
- Seek first to understand, not to be understood. Ask questions to seek clarification when you don't understand the meaning of someone's comments.
- Propose a solution for any complaint. "Complaining about a problem without posing a solution is called whining." –Teddy Roosevelt
