ATTACHMENT A SCOPE OF WORK (FISCAL YEAR 2020-21)

Describe briefly the Project/Program:

Neighbors West-Northwest's mission is to collaborate with the NW and inner SW Portland community to build informed, inclusive, and participatory neighborhoods that support our social and ecological well-being. Our mission this year will be tempered by the Resilience Resolution adopted by the Portland City Council. Our primary programs have been developed with a goal of creating inclusive structures with adaptive governance strategies that contribute to fulfilled and empowered Portlanders. We do this with community trainings/events, fiscal sponsorships, our small grant program, online newsletter, land use and transportation education/advocacy, and community organizational support/capacity building. All this work is done through a lens of diversity, equity, inclusion and access.

List the activities to be completed Fiscal Year 2020-21:

1. Support of 11 Neighborhood Associations and additional community groups in developing and implementing projects and activities that benefit the community, including committee and board activities and elections, communication with community and government, and providing fiscal management, document retention and risk management services, including insurance.
2. Implement a NWNW funded grant program combining former Small Grants, Communications Funds and Community Collection Events opportunities, available to NWNW communities and neighborhood associations, for assisting community livability, resilience and social justice programs and projects, with an added focus on the health and social impacts of the Covid-19 pandemic.
3. Develop and implement increased outreach to community groups and organizations including access to grants, administrative and organizational support, and investigate development of a fiscal sponsorship program for small community organizations.
4. Implement a Capacity Building program with workshops, trainings and events which support NWNW area neighborhoods and communities to develop inter-supportive relationships and strategies that advance racial equity and community resilience.
5. Provide neighborhood associations and community organizations informational and advocacy support in their decisions which affect community livability.
6. Implement organizational changes which assist in the implementation of broader community connections and the reach of our services.

List the Strategies for Recruiting Participants:

NWNW:

- Provides a quarterly printed newsletter and a monthly e-newsletter, website and social media to reach community members.
- Develop and assist our member associations in developing relationships and creating constructive partnerships with community groups in support of broader coalitions of community and a resilient communication network promoting civic engagement and advocacy with the City and other governing entities.
- Present virtual and (where possible) in-person events and educational programming to appeal to a broad cross-section of the community.

List clear and simple goals that will help define project/program success:

- Increase the reach of our grant programs within our geographic area and in partnership with organizations which are located elsewhere but support community members in our area.
- Support strategies that result in more representative governance in the community and government

decision making.

- Increase NWNW and neighborhood association support of organizations, groups, and individuals in the areas of diversity, equity, inclusion and access.

Describe how will you evaluate project/program:

NWNW will work to describe and quantify changes in our programming and seek feedback from neighborhoods and community groups on what works, and what yet needs to be improved.

List the data you will collect to report project/program progress:

- Track the numbers of participants in our events, training and programming.
